

Dr. Moopen's Nursing College

PHILOSOPHY

- We the faculty of Dr. Moopen's Nursing College, with state-of the-art infrastructure and excellent faculty, believe to bring together- learning and healing, in a serene, eco-friendly campus.
- We the faculty of Dr.Moopen's Nursing College believe that Nursing is a dynamic and challenging profession that requires a synthesis of critical thinking skills and theory based practice to provide care for individuals, families and communities experiencing a variety of developmental and health- illness transitions.
- Faculty recognizes that education is a continuous process influencing the overall development of the learner.
- Faculty acknowledges their responsibilities in helping the students to develop pride in their profession
- We realize that Nursing practice must reflect an understanding of individual and respect for each individual- their dignity, values and culture.
- We affirm that Nursing practice takes place within the context of an ever changing environment, interdisciplinary collaboration is necessary to develop and implement comprehensive plans of care to improve outcome.
- We believe that Baccalaureate course in Nursing help to prepare students for the first level position in nursing in the hospital, community, Nursing educational institutions and research institutions and post graduate education in Nursing prepare a professional Nurse for advanced Nursing practice.
- Faculty realizes that the program prepares Nurse for leadership position in nursing and health care field who can function as Nurse Specialists, consultants, educators, administrators and researchers in a wide variety of professional settings in meeting the National priorities and the changing needs of the society.
- Faculty ascertain in ongoing professional development through continuing education in order to promote Nursing research and ethical decision making to maintain standard of profession.
